

ONLINE MEDICAL CONTROL CHECKLIST

Date/Time: Oct 09, 2019 10:01:16  EMS Unit # Destination:

Brief History:

VS: BP HR RR O2 Sat % GCS

- 1. AMA** Background: If patient meets trauma activation criteria and does not wish to be transported, the paramedics are required to contact medical control. Also required when parent is declining treatment for a minor or the paramedic has some concern.

Ask, "does the patient appear to be impaired in any way to you?" ☐ Yes ☐ No

Ask, "do YOU feel the patient has capacity to sign?" ☐ Yes ☐ No

Ask, "do you have any concerns about this patient refusal?" ☐ Yes ☐ No

Ask, "does the patient want to talk to me?" ☐ Yes ☐ No

REFUSAL ACCEPTED?: ☐ Yes ☐ No

****IF NO, advise paramedic to immediately contact Fire Capt / EMS Supervisor and determine if they need to involve Law Enforcement. Be prepared to explain your reasoning. (remember paramedics do not have the authority to hold a patient).**

- 2. MEDICATION REQUEST** Background: certain EMS protocols require a physician order for certain medications and/or dosages. Paramedic may also have a complicated situation and needs guidance.

Medication requested:

Ask, "what protocol are you on?"

ETA: Destination:

ORDERS:

- 3. MISCELLANEOUS REQUESTS:** Off-protocol requests, Diversion requests, general help or guidance.

Specific Request:

Ask, "what protocol are you on?"

Ask, "what protocol are you on?"
